Students typically take the same classes they will take starting in the Fall. Evaluations are made during this week long camp to determine skill level for class placement. If unsure of skill level, we use our best judgment for summer intensive placement based on previous studio and years of experience. Adjustments for fall classes will be made after skill level is determined.

TUITION: The summer intensive camp is the equivalent of 1 month of normal classes compressed into one week, and as such, tuition for the summer intensive camp is the same as regular monthly tuition.
